### Using your service overseas

You cannot use your included minutes and shareable data if you are overseas. If you want to use your mobile phone or mobile broadband device when you're overseas, you'll need to activate roaming if it's not already on. You will be charged at standard roaming rates for your mobile and any mobile broadband devices separately; control your spend and details on our travel packs.

If you use more than your included data during your billing month (either on your mobile phone or any connected mobile/mobile broadband device), you will be charged the following excess data rates.

### Important information about your first bill

When you first start a plan or change your Plan part way through a billing period, your first bill will include your minimum monthly charge in advance. It will also include a proportion of your minimum monthly charge based on the number of days left in the billing period. You'll receive a full month's data allowance.

### Manage your service online

We will provide you access to our Customer Portal to view your bills online 24 hours a day, 7 days a week.

We will send you an email notification when your account usage reaches an estimated 50%, 75%, 100%, 100% plus of your Plan's included data usage for the current billing cycle.

For more information please visit [businesstc.com](http://businesstc.com)
